

# 7 Questions

**Mike Newman**

Commercial Director

# When and why did you join Company Watch?

In 2011 (then left and joined again in 2017!) First time round, I really liked the feel and culture of the company.

Second time, the huge opportunity to be part of the growth we've achieved over recent years.

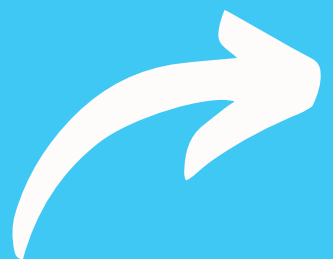

# What are you most passionate about at work?

Quality and customer relationships.

We don't always have all the answers but we do our best to listen to feedback and deliver when we can.

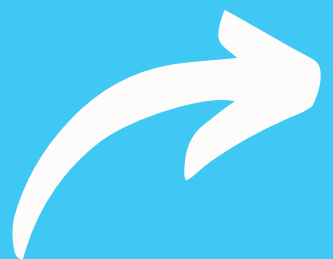

2

# Proudest achievement in life?

Family aside, I'm extremely proud to have helped drive the growth at Company Watch over the last few years and the team of people that help make it happen.

3

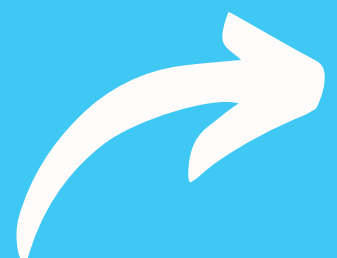

# Dream place to live?

If money's no object, I'd like a holiday home or two!

Portugal's lovely and maybe a summer house in Italy or Sweden. Otherwise, I'll take a bigger house in Sussex where I live now.

4

# What film have you watched the most?

Far too many to name! Star Wars and the Empire Strikes Back as a kid.

As an adult, Goodfellas, Heat, Die Hard, Lethal Weapon and Apocalypse now come fairly close!

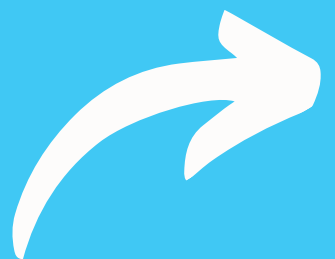

5

# One food for the rest of your life, what would you choose?

Bit of a cop out but can I say BBQ..? So much variety in what to cook and how you cook it!

6

# Words you live by?

‘Do what you say you'll do,  
when you say you'll do it.’
